Projects / Training / Workshop

Project Title : INTERACTIVE FORUM FOR PRE JOINING CANDIDATES

Company : TATA STEEL

WEBSITE DESIGNER AND QUERY DEVELOPER.

May 2013 - June 2013

This was a web application which was designed to be used by the pre joining candidates. Login into this application required proper authentication designed in a way to give only the admin the privilege of authenticating request entries. It was basically a discussion forum, where the users /hrs/admin could post any matter /query of relating to doubts / notification that can be of importance, upon which comments could be posted by the same. The application had a system login for 3 different users, namely (normal, h.r.'s, admin). The website basically was supported with features like- ~DISCUSSION FORUM ~NOTIFICATION PAD ~GROUPS ~PROFILE and other static pages like ~CONTACT, ABOUT US, HOME & F.A.Q.

Technologies Used: HTML, CSS, PHP, JAVASCRIPT.

Project Title : Dramsoc

Company : Personal Project

Web designer

Nov 2012- Dec 2012

It basically was a website for the dramatics club of BIT Mesra. A fully functional site which was designed for the dramsoc members (and other bitians too) to let them know about the various drama related events, competitions, laurels won, etc. In short a complete website fulfilling all the club activities.

Technologies Used: HTML, CSS, JAVASCRIPT.

Company : Nettech

Jan 2013- Feb 2013

Completed a Certificate program in Network Management conducted by Nettech in collaboration with BIT Mesra, Ranchi Campus. The program intended to teach the students about the basics of handling/managing and configuration of Computer Networks in Linux Environment E.g. Web, Mail, and Samba Servers etc.

Technologies Used: DNS, DHCP, WEBMAIL, SAMBA, FTP, TELNET, IPv4, LAMP, WAMP, APACHE.
